Mission and Purpose

Mayee Futterman Art enriches, inspires, and transforms people's lives through Chinese Brush Painting art, collections, education, events, social media, and cultural connections.

Artistic Focus

Mayee Futterman Art is a globally renowned Chinese Brush Painting talent. She is featured in private and corporate collections worldwide. She is a leading authority in transformative Chinese Brush Painting education, fostering community engagement through paint party events for corporations and nonprofits, and connecting with audiences worldwide through social media.

Origins and Evolution

Rooted in three decades of mastery, Futterman's art is shaped by the traditions of Xiěyì ("writing the idea"), Shān-shuǐ ("mountain and water"), and Pò-mò ("splash ink") painting. Trained under a leading Chinese Brush Painting master, she has developed a contemporary approach that honors lineage while extending its reach to new audiences through education, digital platforms, and large-scale commissions.

Artistic Language

Her work embodies the harmony of opposites—control and spontaneity, strength and grace, emptiness and fullness. Using traditional ink and mineral pigments on rice paper, she captures the living energy of nature across a diverse range of subjects including flora, land creatures, sea creatures, birds and insects, and landscapes, among others.

Notable Work

Futterman's major commissions include a mural and over 30 paintings at the Los Angeles Center for Women's Health, four large works in the Caesars New Orleans Asian Gaming Room, and "Fluid Power," a winning entry for BMW's international design competition for the limited edition M4 GT4. Exhibitions include Descanso Gardens Sturt-Haaga Gallery, the historic Altadena Country Club, APIA Scholars, and Creative World Arts, Arcadia, CA. She currently has two artist residencies for the Segerstrom Center for the Arts, Arts Teach, and The Brush Warrior Project at the California Veterans Home, West Los Angeles.

Artist Statement: Mayee Futterman Artist

mayee@mayeefutterman.com | www.mayeefutterman.com

Through simple, dynamic, and sensuous ink-wash brush strokes, my art integrates gesture, allegory, and emotion to interpret the vitality of life. Driven by innate resonance and 3 decades of Chinese Brush Painting mastery, my multicultural experience inspires new approaches to classical themes. Specializing in spontaneous Xiěyì 寫意 style, I express spirit and substance through harmony in duality.

Mayee is an award-winning exhibiting, teaching, and published visual artist. Her works are collected and commissioned internationally including Caesars New Orleans opening in Fall 2024 and the Los Angeles Center for Women's Health at California Hospital

 The artwork 'The Four Gentlemen' is a traditional Chinese ink and wash painting. It features four distinct elements: a plum blossom branch with small pink flowers and dark, gnarled bark; a bamboo stalk with slender, arching leaves; an orchid with long, slender leaves and a small, delicate flower; and a chrysanthemum with a single, large, pink, spiky flower. The composition is balanced and elegant, typical of the literati painting style.	 The artwork 'Sunflower' is a watercolor and ink painting. It depicts a cluster of sunflowers with large, bright yellow heads and dark brown centers. The leaves are large, green, and have a slightly serrated edge. The painting is detailed and vibrant, capturing the essence of the sunflower's energy.
